National Innovative Communities Conference will be held June 13-14

May 29, 2023

The National Innovative Communities Conference (NICC) is an event hosted by Reach Out that brings together cross-sectoral leaders, strategists, influencers, businesses, and organizations who are passionate about building and sustaining a high-quality of life for the Inland region.

This year's signature conference returns to a robust, two-day in-person event. NICC 2023 will take place Tuesday and Wednesday, June 13-14 at the Riverside Convention Center.

This year's theme is "Power: Dignity, Equity, Justice, Be the Voice, Not an Echo!"

Due to unforeseen circumstances, Laura Coates, who was previously scheduled to speak at NICC's opening conference day luncheon, cannot attend.

Taking her place will be civil rights leader Benjamin Crump. He will take the stage as the keynote speaker on Tuesday, June 13 at the noon luncheon.

Conference attendees will also hear from speakers at informative plenary sessions and panel discussions. Confirmed speakers include Dr. Somava Stout, from the Harvard T.H. Chan School of Public Health; Dr. Cid Pinedo, CEO of the Mexican American Opportunity Foundation; Riverside University Health System Public Health Director Kim Saruwatari, Medical Officer Dr. Geoffrey Leung; San Bernardino County Public Health Department Director Joshua Dugas, Medical Officer Dr. Michael Sequeira, and more.

Vendor and sponsorship opportunities are still available.

For more information and to purchase tickets, visit we-reachout.org/nicc.
